

**Your feedback matters**

*Without customer insights, we could be deluding ourselves that everything's hunky-dory, so we'd really like to know if we're hitting or missing the spot.*

*Your feedback, whether good, bad or indifferent, at least gives us the chance to consider our performance and make improvements when or where required.*

# Seminar/Webinar

## Feedback Form

*Thank you for attending! We hope you enjoyed the session and found it helpful. We'd really appreciate it if you'd give us just three minutes of your time to complete the questions below. You can **reset** the form at any time.*

Please rate us on the following: *Strongly agree*    *Strongly disagree*

Since the seminar/webinar my knowledge of alternative methods for connecting concrete elements has improved

I'm now able to share my knowledge about telescopic connectors with colleagues

The pace and style of the seminar/webinar was effective

The seminar/webinar material provided me with useful information

The opportunity for participation was appropriate

I am now more likely to specify Invisible Connections' products when an appropriate project need arises

I would recommend this seminar/webinar to my colleagues

What were the strengths of the seminar/webinar?

What aspects of the seminar/webinar could be improved and how?

Are there any other subjects about which you'd like further information?

- Connections within stair cores
- Beam-to-beam and beam-to-column connections
- Connections using bespoke reinforcement continuity strip

Do you have any projects in the pipeline where our products would be applicable?

Please tick if you would like Invisible Connections to contact you regarding any potential projects and provide your contact details below:
